10TH INTERNATIONAL CONFERENCE FLOORING TECHNOLOGIES TO MEET THE DEMAND OF NEW AGE INDUSTRIES

DATE:
11TH SEPT. 2026

VENUE:
ITC GARDENIA, 1,
RESIDENCY ROAD,
BENGALURU - 560025

About IFA

IFA, as a professional body, works to spread awareness & disseminate knowledge about industrial flooring. This includes recent trends about flooring products, equipments, application process, floor design, and execution method.

As an association, it has expanded its holistic approach since 2014 through flooring conferences, demonstrations, and exhibitions, across India, which include, Mumbai, Delhi, Indore, Hyderabad, Pune, Chennai and this year in Bangalore.

The body brings in flooring experts under one roof, where mutual expertise & queries could be shared.

The vision of IFA is to educate, train, and bring out the IFA handbook, which ensures the standardisation practice in industrial flooring.

WHY BENGALURU?

Bengaluru is known as the Silicon Valley of India and one of the largest technology hubs in Asia and the world. With an estimated metropolitan GDP of nearly \$360 billion, it is driven by a highly diversified economy led by information technology, global capability centres (GCCs), advanced manufacturing, aerospace, biotechnology, and a fast-growing startup sector."

Chief Minister D.K. Shivakumar, is implementing a major infrastructure and industrial development plan for Bengaluru and its surrounding regions, with an estimated ₹1.5 lakh crore investment push. This forms part of the Industrial Policy 2025 - 30.

Strategic Urban & Industrial Expansion Plans

AI CITY (BIDADI):

9,000-acre high-tech township for AI, innovation and residential development

INDUSTRIAL MINI-CITIES:

KWIN, SWIFT and Quantum zones to expand industrial and tech growth

MOBILITY PLAN:

40-km twin tunnel and 110 km elevated corridors to reduce congestion

BENGALURU BUSINESS CORRIDOR:

74-km bypass road to divert heavy traffic around the city

BOOM OF DATA CENTER AND GCC DEMAND

Bengaluru data centre market is ~203 MW (2025) and is projected to reach ~398 MW by 2031 (11.87% CAGR)

Growth is driven by hyperscale demand, data localisation rules, and a strong renewable energy pipeline (~6 GW planned)

Bengaluru remains India's leading GCC hub with ~1,000 centres, ~6 lakh professionals and ~\$22 billion annual output

It continues to dominate with ~48% of GCC leasing and ~1 in 3 new GCC entries into India

LATEST DEVELOPMENTS

DSP (UK) and other global firms are setting up engineering and AI centres in Bengaluru

Festo (Germany) has opened a GCC near Electronics City focused on AI, automation, and Industry 4.0

KATALYST single-window system to speed up GCC approvals

1,000 MW planned data centre capacity pipeline across the Bengaluru region

A large-scale data centre park is proposed near Hoskote (~500 MW capacity)

Sumadhura Logistics Park is developing a ~2.5 million sq ft warehousing project on ~100 acres in Hoskote

Welspun One is building large Grade-A logistics and distribution parks near Bengaluru (Hoskote belt)

AGPIL is developing a large integrated logistics park in Nelamangala along NH-48

To meet the rapidly growing operational demands across multiple sectors, there is an increasing need for advanced systems and technologies that can support durable flooring requirements in diverse facilities. IFA aims to address this need.

WHY ATTEND THE CONFERENCE?

Opportunity to meet and interact with the flooring industry experts!

Amalgamation of concrete flooring experts under one roof

Know-how about new flooring products, equipments and services

Knowledge dissemination of current trends & technologies

Business expansion opportunities by networking with fellow members

Interaction with experts on concrete flooring problems and project challenges

Keynote presentations by subject experts on various aspects of flooring

HIGHLIGHT

**NO
REPEATED
TOPICS**

WHO CAN ATTEND?

Investors

Entrepreneurs

Manufacturing sectors

Construction professionals

Structural consultants

Structural Engineers

Architects

Automobile Industry

Hospitality

Warehousing and logistics

Flooring product/equipment manufacturers

Flooring turn-key/general contractors

EPC companies

SPONSORSHIP FEES

Event Sponsor ₹5,00,000/- + 18% GST

- 15 min product presentation at start of session,
- 2 x 2M booth (inside conference hall)
- 2M x 1M Banner*

Principal Sponsor ₹3,50,000/- + 18% GST

- 10 min product presentation at start of session,
- 2 x 2M booth (inside conference hall)
- 2M x 1M Banner*

Associate Sponsor ₹2,50,000/- + 18% GST

- 1 slide each in ppt format during tea break inside the conference hall
- 2 x 2M booth (inside conference hall)
- 1.5M x 1M Banner*

Exhibition Booth (Pre Function Area) ₹95,000/- + 18% GST

- 2 x 2M booth
- 1 Standee allowed inside the Booth only

Lanyard Sponsor ₹1,50,000/- + 18% GST

*Metal Frame will be Provided by IFA. The printing material will be sent to the vendor, and all costs will be borne by the sponsors.

DELEGATE FEES

IFA Member

₹4000/- + 18% GST

* Delegate Fees inclusive of Lunch & Networking Dinner.

Non IFA Member (Org/Individuals)

₹4,500/- + 18% GST

Bulk Discount: Call for Special Rates
